Licensed Clinical Social Worker (LCSW)

Responsible for providing initial evaluations, individual, group, couples and/or family therapy at Ruby Valley Medical Center, while working closely with providers on staff in a collegial fashion. Performs all duties in a manner consistent with the mission and values of RVMC.

Job Requirements:

- Consultations about clients
- Initial mental health evaluations, resulting in realistic treatment plans
- Assessing clients, using standardized assessment/screening tools, measures, etc.
- Provide brief, solution focused therapy
- Provide group psychoeducation/treatment related to chronic medical conditions
- Provide information and referral services
- Care coordination
- Crisis assessments/triage with appropriate interventions
- Provision of other services related to wellness
- Documentation of services provided in accordance with requirements
- Other related activities designed to provide integrated health care services
- Individual psychotherapy with children, adults and families
- Documentation and scheduling in electronic health record
- Provide psychotherapy to children and adults
- Other duties as assigned

Minimum Qualifications and/or Licensure:

- Master's degree
- LCSW (Montana license)
- Two years' experience providing clinical services in the mental health field

Knowledge and Skills Required:

- Empathy and a person-centered approach to clients
- Tolerance of stress
- The ability to recognize your own limitations and respond to difficult situations
- The ability to apply your knowledge and research to clinical problems
- The capacity to be critical and analytical
- To work in a self-motivated, independent way
- Excellent communication and interpersonal skills in order to deal with people in distress
- The ability to collaborate with colleagues from other disciplines
- The ability to use electronic health record
