Gifts and Information at the Ruby Valley Hospital's Fair Booth

While you're enjoying the Madison County Fair, please stop by the Ruby Valley Hospital's booth in the round building. We'll be distributing hand sanitizer, lip balm, pens and fun helium balloons for the kids. You can also learn about the Hospital's upcoming building plans. In addition to the architectural layouts, we will have a slideshow with artist renderings of the project.

We look forward to seeing you at the Madison County Fair!
